

Aqua-Ice 2025

**30th of September and 1st of October
at Harpa Reykjavík**

The Purpose

Aqua-Ice (Aquaculture Conference Iceland) is a Ltd. company. Its purpose is to host an annual conference with the following goals:

- Encourage professional and informative discussion about the aquaculture industry.
- Provide updates on recent innovations and developments in the aquaculture industry.
- To be a platform for communication between all those who are involved and interested in the aquaculture industry in Iceland

Non-Profit Organization

“Strandbunadur ehf” the organizer of the Aqua-Ice conference is a Non-Profit Organization founded by 23 industry stakeholders. Funding is provided by sponsorships, advertisements and admission fees and it is neither linked to any one organization nor the government.

Aqua-Ice

This conference is the only aquaculture conference held in Iceland. The conference language is English but some sessions for local interest are in Icelandic.

The first Aqua-Ice conference was held in 2017 with 260 people in attendance. Aqua-ICE has seen steady growth 750 guests in 2024.

Participants

Our guests are fish, shellfish, and algae producers along with processing, marketing and sales, services, research, and development professionals. The conference also gathers interest from public bodies, the public and academic sectors with a considerable attendance coming from the media.

Agenda

The conference is composed of individual sessions, covering specific areas of the aquaculture industry. The program will be published in August 2025 on the conference web site: <https://lagarlif.is/english/>.

Harpa Reykjavík is the largest conference hall in Iceland, located at the harbour of Reykjavík (centre of town). With large conference halls, perfectly suitable for this event.
